

2024 USASP Annual Scientific Meeting Pre-Conference Workshop Optimizing Mentorship to Ensure a Bright Future for Pain Research

Organizers: Dr. Roger Fillingim (University of Florida) and Dr. Tonya Palermo (Seattle Children's)

Workshop Description

Drawing from validated mentorship development curricula, this interactive half-day workshop will provide experiential training designed to optimize the practice of mentorship with highlights on the issues encountered in pain research mentorship. Topics to be addressed include:

1. The science of mentorship
2. Communication and alignment of expectations
3. Mentoring across diversity
4. Promoting well-being and resiliency

Course materials will be shared electronically with all attendees.

When and Where

Sunday, April 14th
8:00 am - 12:00 pm

Seattle Westin
(in-person attendance only)

Coffee will be provided

Gain the tools for successful
mentorship...

Who Should Attend the Workshop?

This workshop is for pain scientists at all levels, including early and mid-career faculty who are actively engaged in mentoring (or want to be) and are interested in optimizing their mentoring relationships.

If you are interested in learning about mentoring best practices, this workshop is the place to be. Use this link to get more information and to register:
